

BRUTON [& MIDDLETON] PARISH REGISTER, 1662-1797

SOME CONVENTIONS REGARDING THE INDEX:

- The names of freeborn African-Americans have been collected together and presented under three separate entries, as defined within the register itself: 1) Free Mulatta; 2) Free Negro; and 3) Freeborn. While no clear distinction is obvious, it was the compiler's view that there was some sort of distinction made by the clerk, and that these groupings should be kept.

- In instance where it was clear that the clerk had spelled a common family name phonetically, and thereby placed it far from the remainder of the family within the index, the decision was made to correct this spelling in the index only to allow for easier reference.
